Mr. Del Valle has thus far failed to Espublicans Rates "on the other size, the fair presumption is that a good majority of them are Republicans. This fact, in connection with the disaffection of numerous Democratic wool-growers and others who are diagnated with their party on the tariff issue, will, in our opinion, cause the triumphant election of Colonel Markham.

This is the Tries Month of Tries Wood, and the People.

FOR SUPERVISORS.

The Republican candidates — (1)

Jas. Foord of San Gabriel; (2) Occar
Masy of Los Angeles; (3) Milton
Lindley of Los Angeles; (4) Melvin
Madge of Compton, and (5) Robert
McPherson of Orange—should all be
elected. They are men of standing and
character. They have the confidence of
this resighbors. They possess knowledge
of the county's wants and experience
in practical business affairs that will
serve them well and the public most
beneficially when these men come to be
placed, by the votes of the people, upon
the Board of Supervisors; and we are
convinced that they should be placed
there. Each of the Republican nomness is identified with some leading,
regitimate and substantial industry of
the county. Foord, McPherson and
Lindley are practical fruit-growers
Macy is a wool-grower, and Mudge is
a dairyman. Milton Lindley, when
Treasurer of the county, discharged the
duties of that office with such acceptability as to leave behind him a savory
record, and his experience therein will
serve him admirably in the Board of
Supervisors, and enable him to act well
the part of "watch-dog of the treasury."
Men of Loz Angeles county! elect the
Republican candidates for Supervisors
and you will do an act that will redound
to the honor and profit of the community whose well-bung you have at heart.
